

How to draw skin p.a (STOP drawing Natives **RED**) a tutorial by iidriis

~~DON'T~~

I'm seriously concerned if you think Natives look like this or that its okay to draw us like this. (Its shitty).

So why is giving Natives red skin bad?

1. it relates back to a slur

2. The term refers to selling **Native Scalps** for money

3. Is a repetition to anti-Native $\frac{1}{3}$ racist caricatures

An Indian Hunt.

DEMING, N. M., Oct. 9.—Reports are coming in from various points in Arizona that the old pioneers of the Territory, tempted by the reward of \$250 for Indian scalps made by several counties in Arizona, have started out on the hunt for red-skins, with a view of obtaining their scalps. They think this is the most prac-

The State reward for dead Indians has been increased to \$200 for every red-skin sent to Purgatory. This sum is more than the dead bodies of all the Indians east of the Red River are worth.

Seriously, this is racist.

Don't draw us like this.

Let's use a character that everyone knows as an example of how NOT to draw a native character!

And YES, Disney making this Native character kinda red-skinned was racist to begin with, so stop drawing her red/pink!!!

This doesn't mean you can't add red to skin ever, it depends on the lighting!

Use lots of refs!!

Use refs of real Native People, instead!

Native people with red/pink undertones

Native people with yellow undertones
Surprise!! No one is red-skinned
in real life. People (including Natives)
come in all colors & shades.

Have some of my swatches I use for my Native charas. Just don't draw Natives red, Kay?
