What's happening in Sudan?

In December 2018, protests against the dictator al-Bashir began, thus starting the Sudanese Revolution. In 2019, the military ousted the dictator al-Bashir in a coup d'état and established a junta. Protests for civilian rule continued. The RSF aka Janjaweed, who were involved in the coup but were previously used by al-Bashir to perpetrate mass killings, mass rape, ethnic cleansings, torture etc., perpetrated the Khartoum massacre, in which 100+ protesters were killed and dozens were raped. In August 2019, a civilian-military unity government was installed, which was however overthrown in another military coup in 2021. Since 2023, tensions between the Sudanese Armed Forces and the RSF have been rising, and the people of Sudan have been caught in a brutal war between Burhan (SAF) and Hemedti (RSF) for 6 months and counting, again fueled by Western (pred. Usonian) interests #sudanisnotforsale #stopfundingwar
