# What is going on in South Africa in 2024

---

-Government is genociding first nation khoi-san people, black people, disabled people and lgbtqia+ people

-Heavy segregation by redlining, policing and gentrification

-Nazi's allowed to freely organize and arm themselves with guns and form militant groups teaching kids as young as 15yr military tactics

-The enslavement of imprisoned people in a similar way to how the US enslaves people

-Militarization of cops as well as making Capetown a police state and slowing making other provinces police states
